

Questionnaire regarding PANEON Vital-System

Before answering, for Your better understanding, look at the following Youtube videos (for which You might need a professional/native speaker translation):
The most common causes: <https://youtu.be/PvJkgsMFWTA> - The typical history: <https://youtu.be/2WCuWfC9SNs>

PANEON products are no pharmacy nor drugs, but a "complementary measure" to possibly medically prescribed therapy. We urge You to attend doctors who are familiar with naturopathy and homeopathy and therefore agree with a healthy, vitamin-rich diet and detoxification as a complementary measure. We do not recommend changing medications on your own. Every three months you should ask Your physician if medication can be reduced because of the better results. E.g. Because even dizziness due to high-dose antihypertensive agents can lead to dangerous situations. This information serves exclusively as a basis for this consultation. With the sending you agree, that this data are stored for the purpose of the consultation in the PANEON GmbH and made accessible to the advisory persons. You can revoke this consent at any time and request the deletion of information that is related to You. The data is kept strictly confidential and carefully stored according to the state of the art.

* Name: _____ Year of birth: _____ Size cm / Weight kg: _____

e-mail address: _____ mobile phone: _____

* Lifestyle, nutrition, enjoyment, how often daily:

Flour:	Tobacco:	meat / sausage / milk:
