

best quality for best price

## **PANEON best-quality guarantee**

During the period of their consultant activity Andrea and Albert Pucher were repeatedly disappointed by the declining quality on the market.

This is why PANEON was founded

For all times (this is what "PAN-EON" means) we guarantee the preservation of the well defined PANEON quality. For the benefit of our customers and, also of course for their animals.

To secure health and welfare for all times to come.

Therefore, the best-quality guarantee was created:

**The company PANEON guarantees keeping the quality, regardless of growing costs of raw materials, administration or production.**

The PANEON Best quality warranty applies to all products and in any case. We know many cases where prices of raw materials and other resources went up, but some companies did not rise the pricing accordingly but lowered costs by cheap raw materials and/or higher water content.

PANEON guarantees to maintain the high quality raw materials whatever the costs are. At all circumstances and, if necessary to rise the prices of products accordingly. PANEON guarantees, just to raise prices only to the extent, which is essential to secure long-term stability and security.
